What is Georgia Fresh For Less?

Georgia Fresh For Less (GF4L) is a program of Wholesome Wave Georgia that encourages federal nutrition assistance (i.e. SNAP, WIC, EBT) beneficiaries to buy fresh, local produce directly from Georgia farmers by doubling the value of their benefits when shopping with participating farmers markets or farmers.

www.wholesomewavegeorgia.org

I'm a SNAP/EBT recipient. How do I use the program?

The Statesboro Main Street Farmers Market is an assembly of local growers, craftsmen and chefs coming together to provide fresh and locally produced products. They have partnered with the Wholesome Wave Georgia Fresh 4 Less program to provide a matching amount of fruits and vegetables for every EBT dollar spent, up to \$50 per purchase, getting twice as much value for your EBT/SNAP benefits.

Examples:

You spend \$50 on FSE items, specifically meat, milk, and eggs. You can then add an equal dollar amount of fruits and vegetables to your cart for no extra cost.

- If your purchase is more than \$50, you can only add a max of \$50 in additional fruits and vegetables.
- If your purchase is less than \$50, you can only add that dollar amount in additional fruits and vegetables.
 - E.G. if you only spent \$40 on meat, milk, and eggs, you'd leave that additional \$10 on the table.

You can do an EBT purchase ONLY for fruits and vegetables too. Essentially, you'll only pay half.

- If you have \$50 of fruits and vegetables in your cart, it will only cost \$25 dollars.

When using the Market2Go site, don't forget to write EBT or GF4L in the comments section so that your benefits/payment is calculated correctly!

Want help getting started?

Come to the Statesboro Outreach Center (515 Denmark Street Suite 2500) on Tuesday between 5:30 and 7:00 pm and we'll walk you through the ordering process. You can also use a mobile device by scanning the QR code at the top of this flyer. Note that food is delivered on Thursdays either at the designated drive thru locations or for pick up at the Statesboro Outreach Center.

Make sure you select your pickup location when you place your order.

**Easy
Online
Ordering!**

How to Use the Market2Go Website for Ordering

1. Visit statesboromarket2go.locallygrown.net to create a new account or sign in.
2. Click the tab labeled "The Market"
3. Scroll through to view all products or look through a specific category by clicking on one of the options under "Categories" on the left-hand side of the screen.
4. Select items you want and "Add to cart" making sure to enter how many you want of each.
5. Keep in mind that the Georgia Fresh for Less program only allows food stamp eligible items (produce, meat, honey, milk, cheese, etc.)
6. Proceed to checkout to review your cart making sure everything is correct.
7. Make a note in the comments section that you're using the EBT/GF4L program.
8. Select your pickup location and the "pay later" option, and you're done!

Email the Market2Go administrator at market2gostatesboro@gmail.com for assistance!
